

VIEWPOINTS

Photography
Composition

What is viewpoint?

Viewpoint (also known as point of view) refers to the position we take a photograph from.

This is the position you place the viewer while they are looking at the finished image.

Types of viewpoints

There are 4 main viewpoints in photography composition.

Bird's Eye View (top looking down)

Worm's Eye View (down looking up)

Eye Level

Becoming the Subject

Why should we care about viewpoint?

Changes in viewpoint change the interest level of your photograph.

Viewpoints can change the meaning of an image.
