

Press Pass – InDesign Build

Portfolio – Yearbook

A [press pass](#) is one of the more common assets of a journalist. Often used to grant access or special privilege, this item helps to identify a journalist and their outlet.

One of the main aspects of Yearbook is journalism. You will be required at various points to capture and report on the day-to-day events around Brookwood. You will also need to learn how to use Adobe InDesign to make build pages and other media related to your reporting.

So, let's accomplish two things at once.

TASK: Use Adobe InDesign to create a Yearbook Press Pass for yourself.

File Specs: Print -> US Business Card (your choice of vertical or horizontal orientation)

You can find school logo assets in this assignment post.
